

Flow Informatics and Computational Cytometry Society (FICCS)

Development Conference Call Summary

Attendees:

BCCRC: Ryan Brinkman, Josef Spidlen
FCCC: Elizabeth Goralczyk, Olga Tchuvatkina
UT Southwestern: Richard Scheuermann, Jamie Lee, Yu Qian (Max)
UM: Peter Wilkinson

May 2, 2007, 10:30am PST

Summary:

1) MIFlowCyt

- Ryan is in touch with several members of the ISAC Data Standards Task Force to get their feedback.
- Jamie created first draft of the MIFlowCyt manuscript.
- Josef and Ryan incorporated their revisions.
- **Action Item: Josef, Jamie, and Ryan** include latest tiny changes.
- **Action Item: Ryan** sends the manuscript and the proposal itself out to all the other coauthors by Friday (May 4).

2) FuGE

- We agree with the comments on FuGE posted by Max and Richard at PSI Wiki <http://psidev.info/index.php?q=wiki/FuGE>
- Other draft comments from our group have been posted at FICCS Wiki <http://wiki.ficcs.org/ficcs/FiccsCommentsOnFuGESpecV1>
- **Action Item: Olga and Josef** summarize the most important issues into high level comments that should be posted at PSI Wiki by Friday (May 4), <http://psidev.info/index.php?q=wiki/FuGE>. FuGE developers will be notified about this post (through their mailing list).

Next call: **Wednesday, May 16, 2007, 10:30 PST.**
